CLC

About the Company

▶ CLC is one of the challenging services companies that have been established in Egypt at the beginning of 2016 to serve large scale of process-based industries (oil and gas, cement, petrochemicals, fertilizers, infrastructure, machinery

▶ Through its dealings in contracts with international companies that apply administrative standards and systems for occupational safety and health and environmental protection and being an ambitious company in the direction of safety consultations

Our Mission and Vision

Vision

We always seek a 100% safe plant for our customers, we choose this objective & struggle to achieve it, not because it is easy but because it is hard. We accept the challenge and believe in our energies & skills, that challenge is the one we intend to win because we care about ourselves and others too.

Mission

It's the mission of CLC to provide highest Quality Product & Services to our valued customers worldwide & integrate technology, science & implement solutions to guarantee a safe working plant.

Partners of Success

OUR SERVICES

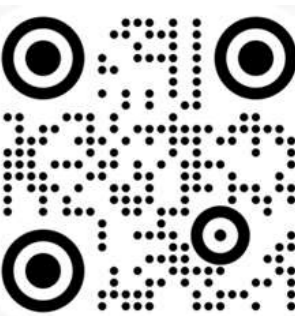

GLOBAL MAINTENANCE

- Mechanical
- Electrical
- Tank projects activity
- Instrumentation
- QC Inspections
- Fire Alarming & Fire Fighting (design, installation and maintenance)
- Technical Manpower Supply
- Energy solutions (N2 plugging, Hot tapping, plugging with freezing, Welding habitat Services, flange refacing)
- Mole sieve\catalyst replacement

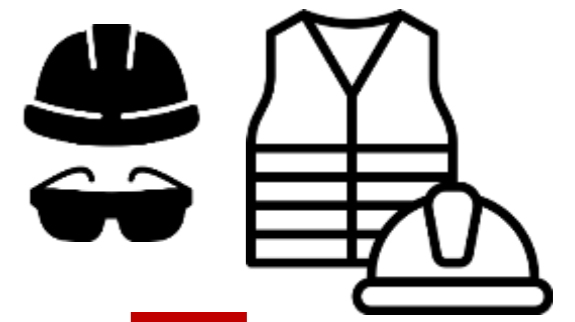

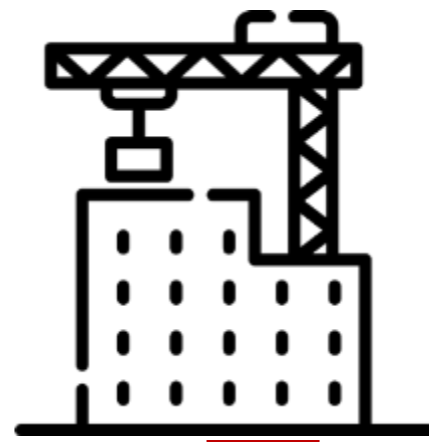

SUPPORT SERVICES

- Lifting service, Heavy Equipment and Vehicles Rental
- Scaffolding
- Manpower supply
- Insulation
- Sand blasting and Painting
- Mechanical and chemical cleaning. (Tank cleaning and Waste disposable)
- Facility Management services

OUR SERVICES

SAFETY SOLUTIONS

- SAFETY STUDIES
- SERVICE & Consultation
- Training
- Rope Access

- Rescue
- PPE Survey
- Food Safety
- Occupational health control

Construction

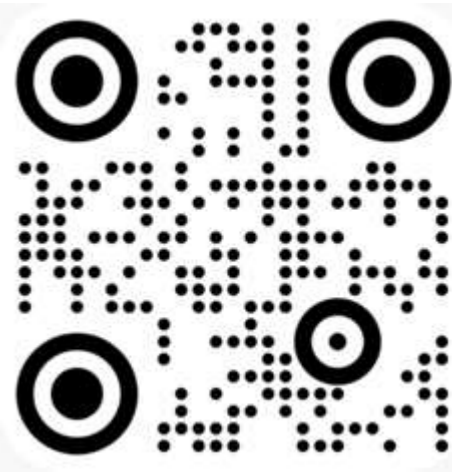

- Piping activities
- Civil works

Global Maintenance

Global Maintenance

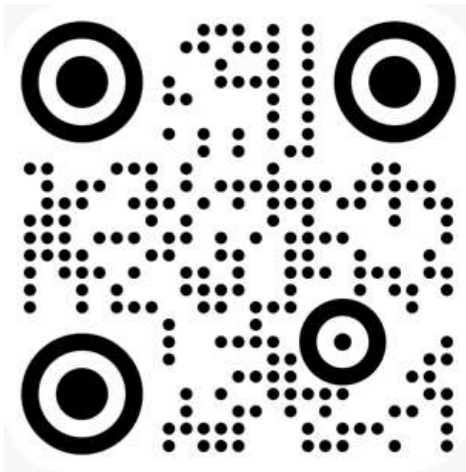

Covering all maintenance activities including :

- 1.Mechanical
- 2.Electrical
- 3.Tank projects activity
- 4.Instrumentation
- 5.QC Inspections
- 6.Fire Alarming
- 7.Fire Fighting(design, installation and maintenance)
- 8.Technical Manpower Supply
- 9.Energy solutions (N2 plugging, Hot tapping ,
plugging with freezing)
- 10.Mole sieve replacement

Tank projects activity

We offer a comprehensive package of services for tank projects that include detailed engineering, fabrication, procurement, site development, foundations, construction, coating, commissioning and startup support.

Conventional NDT

- Visual Test “VT”
- Penetrant Test “PT”
- Ultrasonic Test “UT”
- Magnetic Test “MT”
- Radiographic Test “RT”
- Vacuum Box
- PMI testing

Advanced NDT

- Pressure vessels , spheres
- Pipelines
- Tanks
- Tubes
- Welds

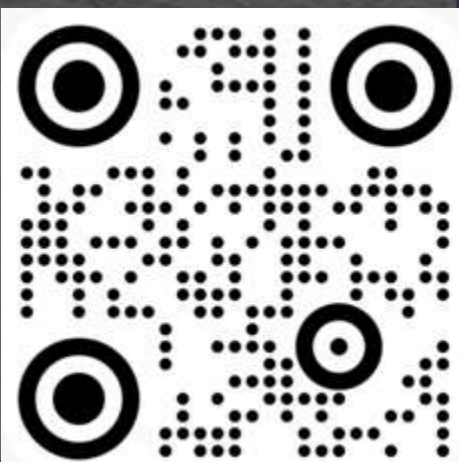

Manpower supply

increasingly, companies are on the look out for hybrid personnel who have good technical/business knowledge and effective managerial skills. We search for and groom these personnel for company use.

CLC Company services here include:

Energy solutions

Energy solutions

- Hot Tapping
- Heat Treatment
- Nitrogen Purging
- Pipe Freezing
- Corrosion Inhibition
- WeldinghabitatServices
- ColdCutting
- Flange refacing

Mole sieve replacement

We offer a full catalyst exchange service, including catalyst unloading and loading, replacement of spent catalyst from process vessels, catalyst transport and catalyst disposal for the chemical and petrochemical industries. Safety of our operators is of most importance to us, that is why at CLC we use high-quality safety equipment.

Support Services

Support Service

Here we are talking mainly about five of our hard working teams:

1. Lifting service ,Heavy Equipment and Vehicles Rental
2. Scaffolding
3. Insulation
4. Sand blasting and Painting
5. Mechanical ,chemical cleaning (tank cleaning and Waste disposable)
6. Facility Management services

Lifting Services & Equipment rental

LIFTING SERVICES

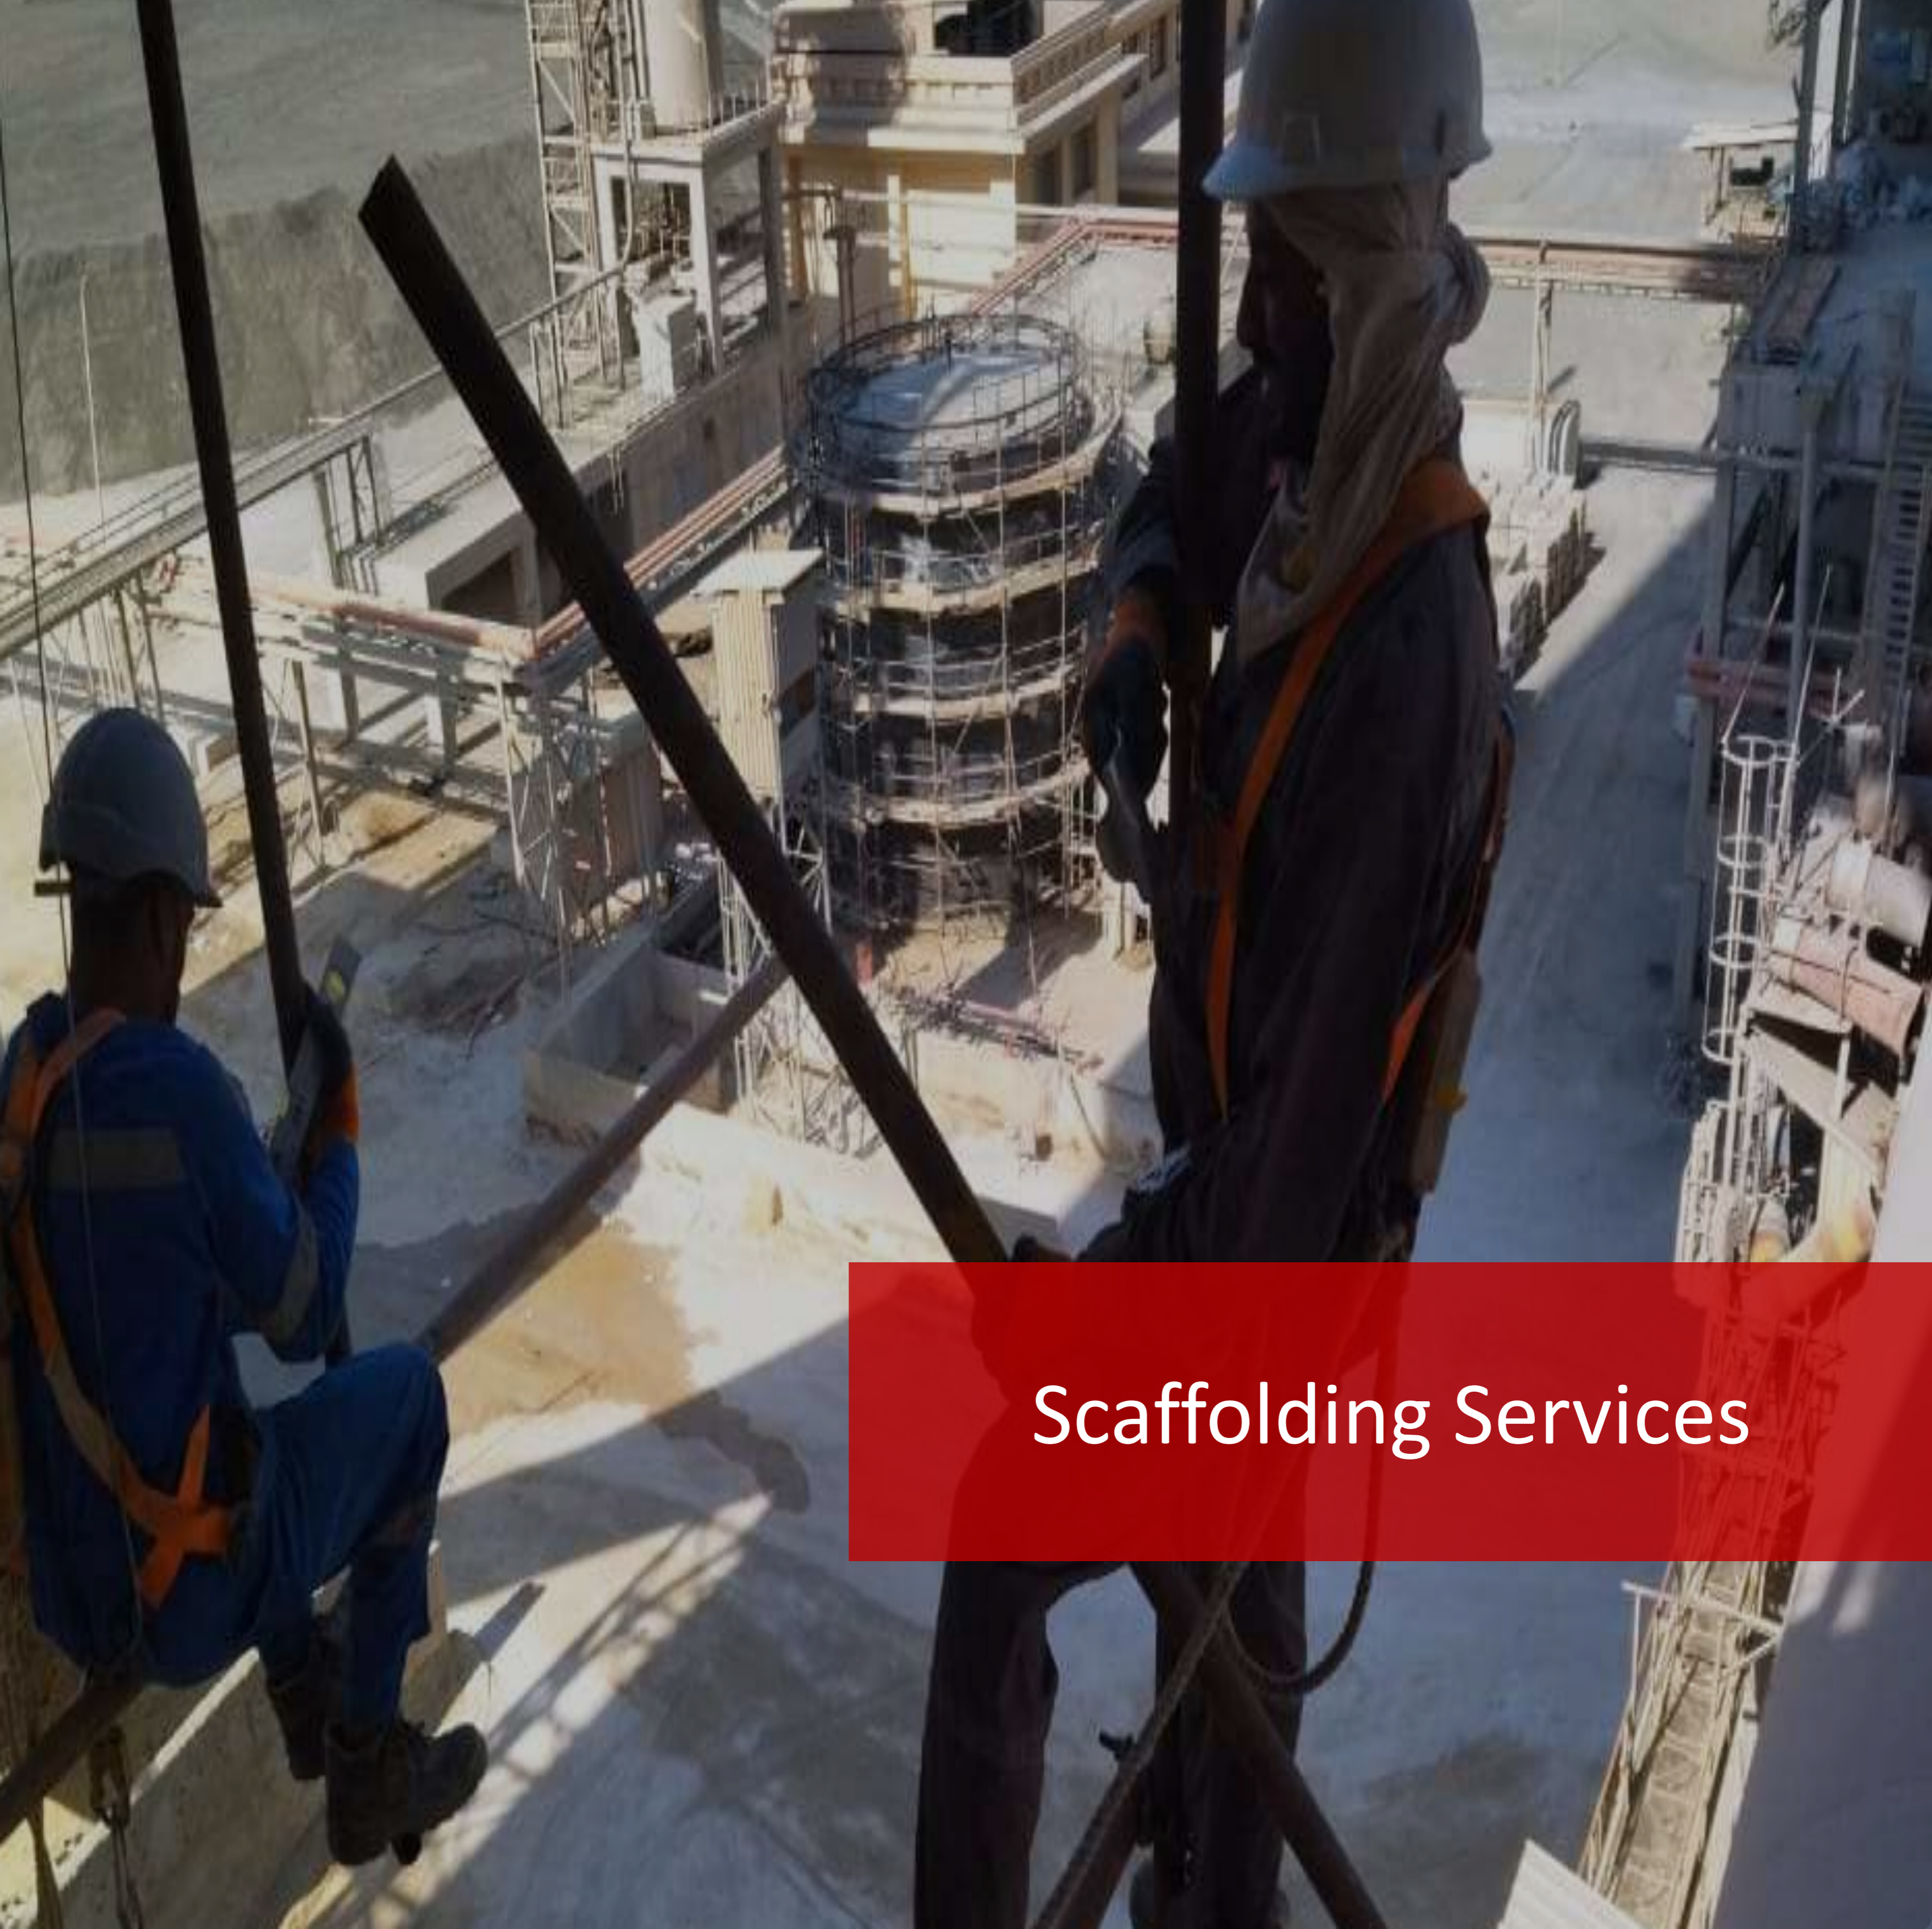

- 3rd party inspection and maintenance.
- Lifting supervision.
- Training service.
- Equipment rental, provision and erection.
- Lifting planning with usage of advanced software.
- Risk assessment .
- Lifting gears supplement .

Equipment Rental

We can provide our clients with different types and specs of heavy equipment such as:

- Telescopic crane
- Crawler crane
- MEWP
- Forklift / Telescopic forklift
- Loaders and Excavators
- Generators
- Welding and cutting machines
- Heat treatment machines
- Jet pump machines

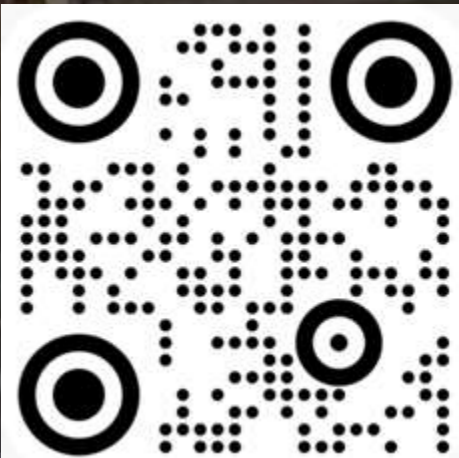

Scaffolding Services

SCAFFOLDING SERVICE

- Scaffold design with usage of 3D software programs
- Certified scaffolding inspectors
- Approved scaffolding materials
- Certified scaffolding competent Team

Chemical and mechanical cleaning

Chemical and Mechanical cleaning

- With more than 7 years of experience worldwide and 3 years in Egyptian market ,we have the expertise and equipment to safely perform any Chemical or mechanical Cleaning projects.
- Our staff is highly skilled at planning and formulating chemical solutions for your cleaning project. Sandblasting and painting

Sandblasting Painting team; such variety of expertise are competent workers is surface preparation techniques (sandblasting or power cup brush) and after then applying the required painting as per approved standards and techniques.(e.g. Airless machine

Safety Solutions

Safety Solutions

We are ready to provide the following Safety Solutions at any place in Egypt:

1. safety studies service & Consultation

2. Training

(Working at height \ Confined space \ Vertical rope rescue Confined space rescue \ OSHA 1910, 19266 \ Accident investigation \ Lifting foundations

Breathing air systems and respiratory protection \ Scaffolding STI)

3. Rope Access

4. Welding habitat Services

5. Rescue

6. flange refacing

7. PPE Survey

8. Food Safety and Occupational health control

SAFETY STUDIES SERVICE & Consultation

- .ONSITE SURVILLANCE ASSESSMENT
- HSE PLANING
- CRISIS MANAGEMENT AND EMERGENCY PLANING
- ACCIEDENT INVESTIGATION WITH USAGE OF ADVANCED SOFTWARE PROGRAM
- E.DEVELOP SAFETY SYSTEMS
- F.QUALIFIES ORGANIZATIONS FOR ACCREDITATION
- G.ENVIRONMENTAL RESOURCE MANAGEMENT
- G.ENVIRONMENTAL RESOURCE MANAGEMENT
- I.CONTRACTORS HSE EVALUATION

Rescue Service

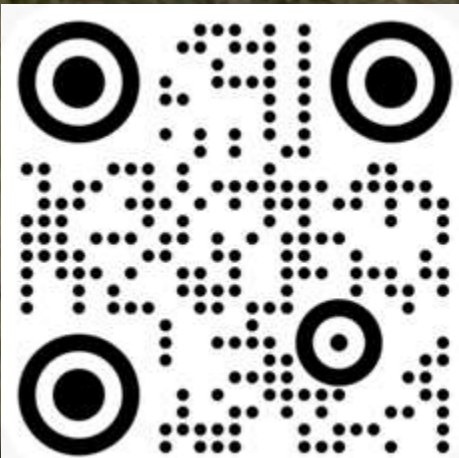

Rescue training

Rescue Service

Rescue equipment
Rental & supplement

Why To Choose CLC Rescue Service

- All Provided Rescue equipment and gears are own capex
- Certified competent rescuer
- You can get a high quality products and services at more competitive prices.
- Deliver High quality Products according to international known standards.
- Providing accident investigation with usage of advanced software programs

OUR RESCUE SERVICES

- Rental and provision of rescue equipment
- Rescue training courses basic and advanced.
- Rope access rescue
- Confined space and working at height rescue
- Overall provision for rescue activities
