CAPITAL-LEADING_COMPANY

ABOUT CLC

- Established 2020 in Egypt as a dynamic joint venture
- Large-scale process-based industries: oil & gas, cement, petrochemicals, fertilizers, infrastructure
- Quality, safety, and environmental stewardship as core values
- Safety Solutions and Rescue Services as areas of expertise
- 380+ trained and certified staff providing expert support
- International certifications: ISO 9001, 45001, 14001, 16024, SPRAT member

Mission

Provide highest quality products and services worldwide, integrating advanced technology and scientific solutions for safe and reliable operating plants

Vision

Achieve 100% safe working environment through continuous commitment to global standards and best practices

EXPERT TEAM

 380+ Trained & Certified Staff

Certified Rope Access Technicians

IRATA certified with levels 1-3 qualifications

Shutdown Specialists

Experienced in major plant shutdown operations

Rescue-Trained Operators

Certified in vertical and confined space rescue

24/7 Availability

Prompt expert support around the clock

Expert Instructors

Decades of combined experience in industrial rescue, safety training, and emergency response

IRATA Level 3

SPRAT Level 3

NFPA 1006

WHY CHOOSE CLC?

Expert Team

380+ trained and certified professionals with extensive rope access and rescue experience

International Compliance

Adherence to global safety standards including IRATA, OSHA, NFPA, and BS 7883

Rapid Response

24/7 availability with prompt deployment to emergency and planned projects

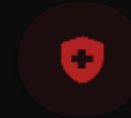

Proven Track Record

Extensive experience in shutdown support for major industrial facilities

Trusted by Industry Leaders

Preferred provider for major oil & gas and industrial clients

Safety First

100% safety record with integrated rescue capabilities for all operations

CLC Equipment

Rope Access Equipment

- ✓ Industrial-grade harnesses & belay systems
- ✓ Dynamic & static ropes with certification

IRATA Approved Load Tested

Confined Space Equipment

- ✓ Gas detection & atmospheric monitoring
- ✓ Specialized extraction systems

Multi-Gas Detection Explosion Proof

Life Line Systems

- ✓ Horizontal & vertical lifelines
- ✓ Shock absorbers & fall arrest devices

EN 362 Certified Quick Release

Breathing Air Equipment

- ✓ Breathing Air supply Rack & Trolley, EEB and SCBA
- ✓ Breathing Air supply system compressor for refilling

Red Crescent Approved Industrial Grade

Heavy Equipment

- ✓ Manlift
- ✓ Crane
- ✓ Jet Pump
- ✓ Welding machines & Generators
- ✓ Telehandler & Forklift
- ✓ Forklift

CAPITAL LEADING COMPANY SERVICES

Safety Solutions

-  Rescue Services
-  Training
-  Rope Access services
-  QC Inspection
-  Life Line System

Global Maintenance
